

Enmark's eSafe

File and Scan Electronically

Using Enmark **eSafe**, any paper document your company uses can quickly be digitally stored, indexed and retrieved. Invoices, gage charts, photo images, signed bills of lading, material certifications and all of your business documents can all be stored using **eSafe**, your solution for all your document management.

Decrease costs

A recent cost analysis from Pitney-Bowes and Xerox places the total cost of handling and archiving a paper document at \$10 per sheet. That cost skyrockets to \$75 when a manual search is required. **eSafe** eliminates lost and misfiled documents, increasing

your productivity and decreasing costs.

Integrated with Enmark Command Center

eSafe scans and files electronically any document your business uses, all within your familiar Enmark Command Center business software. Since **eSafe** is integrated into your current Enmark application creating, filing and finding documents is easy and intuitive. **eSafe** lets employees retrieve, fax, print or e-mail documents without ever leaving their Enmark Command Center application.

Benefits

- Eliminate inefficient paper filing
- No more lost or misplaced documents
- Permanent unlimited computer based file storage
- Instant document retrieval
- Fast, safe, and secure document control
- Save time and paper by faxing documents directly from your PC
