

## Enmark's WebAccess Take Action

After years of work in Metal distribution you know that productive, positive relationships with your customers are the key to your company's long term success. Your customers always want more from your company. **Enmark WebAccess** can help you enhance your customer relationships by making it easy for your customers to do business with you.

In **WebAccess Enmark** has built and implemented applications that meet your customers' needs, dramatically improving your company's relationships with your customers reducing the amount of work for your business.

**Your customers have access to the information they need when they need it. 24 hours a day. 7 days a week.**

**Learn how Enmark WebAccess can benefit your business**

**Increase Revenue: WebAccess** makes it easy for customers to find their information, freeing your employees to work on more important matters

**Decrease Costs:** Improving the ease of information retrieval increases your customers' ability to help themselves - reducing your support costs.

**Improve Customer Relationships:** Delivering a consistently high level of communication will give your customers increased confidence in your company.

**Increase ROI on your existing system:** Improving the customer experience leads to higher usage of your systems, resulting in an even greater return on your original system investment

**Enmark's WebAccess** is a seamlessly integrated web-based

extension of **Enmark's** Command Center System that helps build customer relationships by making vital information available to customers 24 hours a day. 7 days a week. Because customers can get the information they need themselves, the quantity of calls and faxes to your sales and service staff will be dramatically reduced, significantly increasing customer satisfaction levels and creating more time for priority tasks such as sales.

This highly secure service enables authorized customers to access exactly the information they need to improve their own business performance in a simple and effective manner - any time they want, from anywhere they want.
